

MODERN 3D VISUALIZATION TOOL FOR MULTI-CAD ENVIRONMENTS

Glovius is a modern high performance 3D visualization tool that supports native files from all popular CAD formats. Use one application to open CATIA, Creo and Pro/ENGINEER, NX, SolidWorks, Inventor, STEP/IGES and SolidEdge files at a fraction of the CAD license cost.

*Simple, easy to use
modern interface*

*View, query and review
3D designs*

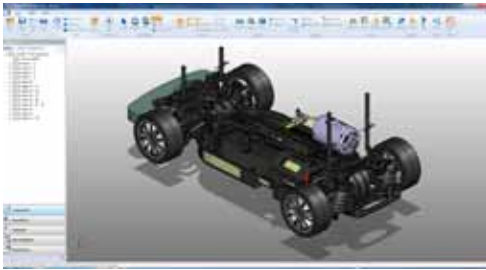

*Powerful measure, section
and compare tools*

*Honest pricing with subscription
option*

Free mobile iOS and Android apps

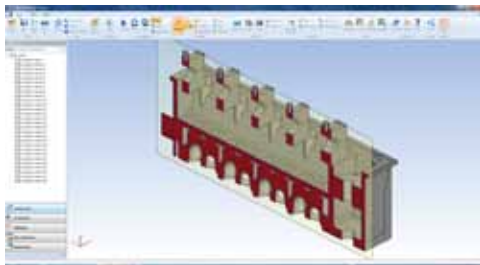

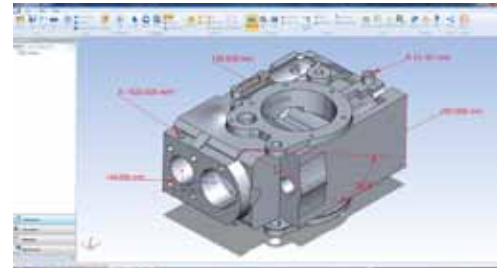

VIEW

- Standard view functionality with 7 preset view modes with option for full screen viewing
- Shaded & Wireframe rendering for part models
- Isolate/Hide/Zoom selected components from an assembly
- Apply color and transparency effects to models

MEASURE

- Perform accurate linear, angular and radial measurements
- Measure dimensions as well as surface area
- Point, Edge, Plane filters for easy measurement

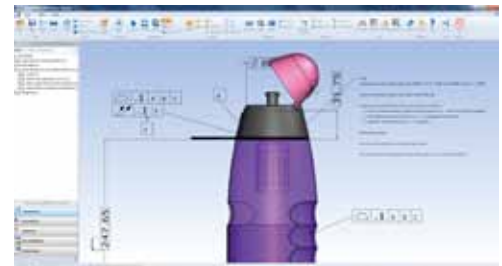

SECTION

- Create sections along XY, YZ, ZX standard planes as well as multiple section planes
- Option to select a user defined plane for sectioning
- Perform measurements within section planes

REVIEW

- **Analyze** various parameters such as bounding box, billet size, volume and CG
- **Compare** any two model versions based on tessellation, attributes and assembly structure
- **Markup** elements such as geometry, text, dimension to comments

EXPORT

- Export your files to PDF, OBJ, STL and 3DS
- Export BOM to PDF or CSV for use in spreadsheets
- Save to .glovius format for viewing on mobile devices

Hello, I'm from HCL's Engineering and R&D Services. We enable technology led organizations to go to market with innovative products and solutions. We partner with our customers in building world class products and creating associated solution delivery ecosystems to help bring market leadership. We develop engineering products, solutions and platforms across Aerospace and Defense, Automotive, Consumer Electronics, Software, Online, Industrial Manufacturing, Medical Devices, Networking & Telecom, Office Automation, Semiconductor and Servers & Storage for our customers.
